State of Colorado Architectural License, #ARC-302799, (1984-1989)
NCARB, 1982

Professional History:

1999 – Present: Associate Partner - Director of Design
Perry Consulting Group, Inc.
El Cajon, California

1991 - 1999: Associate Partner - Director of Design
Perry & Perry Architects, Inc.
Alpine, California

1988 - 1991: Senior Project Manager
BSHA, Inc.
San Diego, California

Senior Project Manager responsible for all phases of architectural and planning projects. Projects included the design and management of the SDSU Student Activity Center, a 12,000 seat sports arena and an adjacent 75,000 square foot recreation facility. The facility incorporated artificial climbing walls, state of the art aerobic/dance and weight training facilities, and sophisticated media interfaces. The \$28 million dollar facility was bid \$1.5 million dollars under budget. Other projects consisted of the design of a prototypical fast food restaurant chain, two 75,000 square foot R&D buildings at Nexus Technology Center, and the 50 acre master plan for Kodak's Torrey Pines Research Park in La Jolla, California. This project involved extensive coordination with the City of San Diego to obtain approvals for this planned commercial development.

Professional History (continued):

1984 - 1988: Principal Architect, President
CLEO Architect + Design, Inc.
San Diego, California

Director of Architecture and Founding Principal of the firm, responsible for daily management. The firm provided all phases of architectural, interior space planning and design, and land planning. Projects included the design of the award winning Floral Emporium. Other commercial projects included 350 West Ash, a twelve-story commercial office building in downtown San Diego; Maxwell Laboratories; and the six-story Interstate Corporate Center in Kearny Mesa. Residential projects included Promontory Pointe and Casabella Townhomes in Crown Point, design of low-income housing in various locations in San Diego, and two 3,500 square foot custom homes in La Jolla. Interior space planning performed for numerous law offices in San Diego and all public spaces for the twenty-one story California First Bank Building, as well as for the main branch and the University Towne Center branch for the same corporation.

1982 - 1984: Project Manager/Project Architect
Buss, Silvers, Hughes & Associates
San Diego, California

Architectural practice providing full architectural design, land planning, interior design, and structural and civil engineering services. As project architect and later as project manager, responsibilities involved coordination of all phases of projects including design and construction administration. Projects included the award winning La Jolla Bank and Trust Plaza; the corporate headquarters for SAIC, Science Applications Inc., in San Diego; planning of the million plus square foot Colorado Springs Science Park; and design of the 35,000 square foot sales/research and development building. Other projects entailed the design of the Otay Border Crossing in San Diego and the Old Town Village Shopping Center in Colorado Springs.

1979 - 1982: Project Architect / Designer
Schoell & Paul Inc., AIA
San Diego, California

Architectural firm providing complete architectural design and land planning services. Responsibilities included design and production of two lifeguard facilities located in Ocean Beach and La Jolla Shores. Other design projects included 25 custom homes in Pala Mesa Oaks; 30,000 square foot office buildings in Loma Santa Fe and Escondido; and numerous buildings at Santee Lakes Recreation Area including a general store, boat docks, and a bandstand.
